TEACHER'S NOTES FOR YOU!

Sonshine Preschool Note ~ Miss Holly

We are having a great month so far! We just started our alphabet. Letter a! As they learn to write the letter they will have a poem to remember how to make each letter. A is around the apple and down the worm, be very careful or he may squirm. Additionally they will learn the sound and the sign for each letter. Please be sure to work with them at home.

Keep up on learning how to write those first name.

Wednesday is field trip. Dress appropriately and send a car seat that is easy to install if your child is riding with someone else. We will get a pumpkin and an apple. I will supply the treat!!! It will be a great day!

4th Grade ~ Mrs. Odell

We are beginning to learn of God's attributes. The first one is that He is omnipresent. We are beginning to memorize Psalm 139:1-14.

We are working on division with remainders, multiplying multi-digit factors and solving for unknown numbers in math. They can always benefit from multiplication/division fact review and measurements.

We will begin studying electricity and sound in science. (Students may bring in any interesting plants or insects for us to study, though, since summer is soon leaving us). We'll test on list 5 in spelling tomorrow. We're starting to cover the English coming to America in history. We have begun reading the second part to Pilgrim's Progress – Christiana's Journey, and in language we are still focusing on verbs and tenses.

It was such a wonderful time with grandparents last Friday! They are truly a blessing to the children and our school!

Happy Fall, Y'all!!!

5th grade ~ Mr. Clausen

The kids did a great job on their Mammal Projects last week. If you have not yet gotten a chance to see them, be sure to come in and see the displays in the lobby near the garden room.

History - Test on Thursday

Science - Test next week

6th History, 6th-8th Science ~ Mr. Lunger

Attention Parents and Guardians of my 6th-8th grade students!

I've put a page together online so that you can track assignments, projects and events for the classes I teach. Using the PCA directory, feel free to text me your first and last name, and I'll send you the link in reply!

PCA MISSION STATEMENT ~ To provide an excellent academic education with a Christian worldview based on the absolute authority of God's Word, the Holy Bible.

Did you know that your gently worn sneakers could help **raise money for PCA?**

Well, they can and here's how...Our school is participating in a program where there is nothing to buy or sell; All we need is your support and your gently worn, used, or new sneakers!

gotsneakers?

A Sneaker Recycling Organization

Here's how you can help:

Start in your and your family's closets and gather as many pair of sneakers that you no longer want; maybe you've out-grown them, they're out of style, or out of season. If you and your household have 20 pairs, great! If you only have one pair, great! You can also ask your neighbors, friends, co-workers, and anyone in your social networks to help out. Every pair counts! The sneakers that we all collect will help raise money to support our school.

The GotSneakers program asks not to send any non-athletic footwear, including but not limited to dress shoes, heels, rain boots, sandals, slip-ons, water socks, wedges, and work boots of any kind.

So how much money will a pair of sneakers earn?

"Excellent" condition \$7

"Good" \$2

"Fair" \$1

THANK YOU for your continued support of Princeton Christian Academy!
